

3rd June 2016

To, All Members,

Dear Friends,

Sub: Caution Notice

It has come to our notice that a company by the name of “**TIMES VACATION PLANNER**” is luring and befooling the innocent people by offering them attractive prizes like LED TVs, Laptops, Air Conditioners, Mobiles etc. and extracting money from them for booking holiday packages through them. They are using a forged IATO certificate for 2016-17, which IATO has never issued. In fact, IATO certificates for the current financial year are under print and we are going to put an hologram on the certificate to avoid such fraudulent activities on the name of IATO.

When we tried to call them, we did not get any response. It appears that all given address, telephone numbers are also fake.

Members are advised to be careful and not to deal with this company and should be aware of any such fraudulent message being circulated through email or social media.

With regards,

Sincerely,

Lally Mathews

Hony. Secretary
